

Single Feasible Source Purchase

Title: Patient Safety and Quality Services for Ambulance Providers

Description: House Bill 11, Sections 11.490 and 11.505 requires the Missouri Department of Social Services (DSS), MO HealthNet Division (MHD), to fund an annual patient safety and quality services for ambulance services.

The Missouri Center for Patient Safety (CPS) is the only organization within Missouri focused on providing patient safety services for hospitals, nursing homes, home health, medical offices, pharmacies, and ambulance services. CPS is also the only federally certified Patient Safety Organization (PSO) in Missouri providing general services for hospitals, nursing homes, home health, medical offices, and pharmacies. Another PSO exists in Missouri; however, that PSO cannot work with ambulance services.

CPS is considered a single feasible source for this procurement since CPS is the only vendor within Missouri qualified to work with ambulance services.
