

Single Feasible Source Purchase

Title: NexION 2000 B ICP-MS

Description: The Department of Natural Resources (DNR) Environmental Services Program, Chemical Analysis Section currently uses Perkin Elmer inductively coupled plasma mass spectrometers (the ELAN 9000 ICP-MS and the NexION 350Q ICP-MS). For reasons of equipment compatibility, software and parts sharing, and existing staff expertise with the Perkin Elmer ICP-MS product, the DNR requires the purchase of a Perkin Elmer NexION 2000 B ICP-MS system to replace the ELAN 9000 which has reached the end of its useful life.
