

Quicklert - Quick Start Guide

If you have a state owned device, the application has already been pushed to your device and you do not need to follow Steps 1-6. Look for this icon on your device:

If you do NOT have a state owned device, follow these basic steps to download the app before logging in.

NOTE – the screen examples below are from an iPhone and your personal device may look different depending on the device brand and model.

1

Tap on the App Store Icon

2

Tap on the Search icon

3

Type Quicklert in the search field

4

Tap Search

5

Tap GET and the app will download

6

The Quicklert Icon is now on your screen
