

## **Single Feasible Source Purchase**

**Title:** Oversize/Overweight (OSOW) System Upgrade

**Description:** The Missouri Department of Transportation requires upgrade of their Oversize/Overweight (OSOW) system module that is part of their MoDOT Carrier Express (MCE) system. The OSOW module is proprietary to Bentley Software as is the module upgrade as well as the implementation services. Pursuant to Section 34.044 RSMo which allows single feasible source procurement when items are proprietary and only available from a single source, the State of Missouri is pursuing the OSOW upgrade through a single feasible source.
