

Single Feasible Source Purchase

Title: Completion of Content Management Solution for MEDES

Description: The Office of Administration, Information Technology Services Division (ITSD) requires completion of the Enterprise Content Management (ECM) System project for the Missouri Eligibility Determination and Enrollment System (MEDES). The project was initiated by Imagine Solutions under the authority of Contract C213050001 and is 90% complete. Due to the proprietary knowledge and familiarity of Imagine Solutions, it is not feasible to solicit proposals from other vendors to provide the final 10% of the project. This represents a proprietary requirement that meets the criteria of a single feasible source under RSMo 34.044. As a result, the State is pursuing an agreement with Imagine as a Single Feasible Source.
