

Single Feasible Source Purchase

Title: Wagers Xerox UPS2000 and Intellinetics Intellivue Software Maintenance and Support

Description: The State Treasurer's Office (STO), Unclaimed Property Division requires ongoing software maintenance for their existing Wagers Xerox UPS2000 Unclaimed Property Management System. The UPS2000 system is developed and copyrighted by Xerox State and Local Solutions, Inc. Xerox does not resell the system or support for the system through any party. The system utilizes an Intellinetics Intellivue software module for imaging processes and Xerox is the only provider that can fully integrate the Intellivue software with the UPS2000 system since Xerox does not allow access to their source code by outside parties. This situation represents a proprietary requirement that meets the criteria of a single feasible source under RSMo 34.044. As a result, the State is pursuing this acquisition as a Single Feasible Source.

Contract Period: July 1, 2016 through June 30, 2017

Renewal Options: Four (4) One-year Renewal Options
