

## Single Feasible Source Purchase

Title: Automated Logic HVAC Maintenance and Repair

Description: The Missouri Air National Guard desires to establish a contract for Automated Logic HVAC system maintenance and repair, via a single feasible source with Control Service Company, Inc., the sole authorized service and maintenance provider of the system in the St. Joseph, Missouri region.

Automated Logic HVAC system maintenance and repair is proprietary and only available from Control Service Company, Inc. According to RSMo 34.044, a single feasible source can be utilized when the product/service requirement is proprietary and only available from a single provider. As a result, this represents a proprietary requirement that meets the criteria as a single feasible source under RSMo 34.044 and the State is pursuing this acquisition as a Single Feasible Source.
