Three types of general obligation bonds are currently authorized and outstanding.

Water Pollution Control Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue \$725,000,000 in Water Pollution Control general obligation bonds. These bonds are issued, upon approval of the General Assembly, to provide funds for State use to protect the environment through the control of water pollution. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund and the Water and Wastewater Loan Revolving Fund to the Water Pollution Control Bond and Interest Fund. The Board began issuing Water Pollution Control Bonds in 1972.

Fourth State Building Bonds

The Board of Fund Commissioners is authorized by constitutional amendment to issue \$250,000,000 in Fourth State Building general obligation bonds. These bonds are issued, upon approval of the General Assembly, to provide funds for improvements of buildings and property of higher education institutions, the Department of Corrections, and the Division of Youth Services. The principal and interest on these bonds are paid from moneys transferred from the General Revenue Fund to the Fourth State Building Bond and Interest Fund. The Board began issuing Fourth State Building Bonds in 1995. There is no remaining amount of authorization to be issued for the Fourth State Building Bonds.

Stormwater Control Bonds
