

Single Feasible Source Purchase

Title: Services for Low-Income Native Americans

Description: To provide health, welfare, and cultural services to native American individuals and families or our community; to promote the affiliation of the American Indian of all tribes into an educational, civic, and cultural organization, to establish and operate an Indian Center; to promote fellowship amount the American Indian people of all tribes living in the Springfield Area; to simulate the natural integration of the American Indian into the community life of the Indian people; to encourage artistic and avocational pursuits by American Indian people; and to preserve and foster American Indian arts, crafts, and cultural values.

Southwest Missouri Indian Center is considered the single feasible source because, based on past procurements, it has been determined that Southwest Missouri Indian Center is the only organization that provides the services in the Springfield area.
