

Single Feasible Source Purchase

Title: Workforce Development, Recruitment and Retention

Description: The Health Access Incentive Fund provides funding for the Workforce Development, Recruitment and Retention. RSMo 191.411 and 19 CSR 10-4.010 direct this funding to be used to implement a program of technical assistance for the location of health providers in areas of need, and to facilitate the development of community-based, comprehensive primary health care delivery systems.

The Federally Qualified Health Centers is the only community-based, comprehensive healthcare model that the Department of Health and Senior Services can use to implement the requirements of RSMo 191.411. Missouri Primary Care Association is the only federally recognized state Primary Care Association in Missouri that represents all of Missouri's Federally Qualified Health Centers and is the only organization that has the capacity to provide the required services to all of Missouri's Federally Qualified Health Centers.
