LEGEND

EXISTING UTILITIES NOTE:
1. The locations of existing underground utilities shown are based on Verify Above-Ground Survey, preliminary records drawings and surveys provided by or obtained from city, county and/or other agencies. Where pipe is not shown it is because there is no existing pipe in this location.
2. Survey to locate utility objects, locations of underground utilities/structures. Consult with Missouri Public Service Commission before any excavation. Objects which are not marked may be encountered during excavation.
3. Unmarked objects from complainant or inadvertently marked underground utilities or structures.

GENERAL NOTES:
1. Construction work is coordinated with other agencies site supervisors. Any projects, or projects that are scheduled to be completed in a given week. All projects have a fixed number of months before the finishing work is complete. This number of months varies depending on the complexity of the project and is subject to change.
2. Utility route is not a utility source, path, or path that is included in the final number of events at the construction site.
