

ADDENDUM NO. 1

TO: PLANS AND SPECIFICATIONS FOR STATE OF MISSOURI

FORT LEONARD WOOD READINESS CENTER
REPAIR RANGE 18A EROSION
ST. ROBERT, MISSOURI
PROJECT NO. T2230-01

Bid Opening Date: 1:30 PM, Tuesday, July 18, 2023 (Not Changed)

Revised Proposed Subcontractor Form is attached. Bidders must use the Proposed Subcontractor Form marked REVISED PER ADDENDUM #1 to bid this project.

Bidders are hereby informed that the Construction Plans and/or Specifications are modified as follows:

SPECIFICATION CHANGES:

1. Section 004336 – Proposed Subcontractors

- a. REPLACE with revised Section 004336 – Proposed Subcontractors (attached).
Section 004336 – Proposed Subcontractors

Please be advised that all manufacturers or material suppliers required to be identified on the Proposed Subcontractors form, Section 004336, must be an approved manufacturer or material supplier as outlined in the bid specifications or in a written addenda in accordance with Section 4.0 of the Instructions to Bidders. Any bids received listing an unapproved manufacturer or material supplier will be considered non-responsive and shall be rejected.

2. Section 015000 – CONSTRUCTION FACILITIES AND CONTROLS

- a. Add the following to paragraph 1.5, Project Conditions
 - C. No water will be available on site for any purposes.
 - D. Contractor must check-in with Range Operations every morning before starting any activities. Contractor must always be in communication with Range Operations at all time while on site. Range Operations will issue a radio for such purposes.
 - E. Contractor shall repair and replace with appropriate aggregate any roads damaged by construction activities.
 - F. Please note that construction activities can only occur when permission is granted by Range Control Operations. Contractor shall coordinate with Range Operations as well as with Guard employees to work out a schedule for access to the range. This will not only affect days but also hours within the day. It should also be noted that access to the range would be available on most if not all weekends and holidays if the contractor so chooses to work those days.

G. Staking will be the responsibility of the Contractor.

3. Section 312000 – EARTH MOVING

a. Add the following to Paragraph 3.21, Disposal of Surplus and Waste Materials.

C. All spoils shall be disposed of on Range 18A at an area to be designated by the Owner. Once all excavation activities are complete, Contractor shall grade the area smooth with no slopes exceeding 3:1 and shall immediately add topsoil, seed and fertilizer and then cover with a 24-month erosion control blanket approved by the Engineer.
