

Single Feasible Source Purchase

Title: Maintenance/Support for Existing BMC MainView Software

Description: The Information Technology Services Division/State Data Center (ITSD-SDC) requires ongoing software maintenance/support for their existing BMC MainView software. The software and associated services are proprietary to and only available from BMC. As a result, this represents a proprietary requirement that meets the criteria as a single feasible source under RSMo 34.044 and the State is pursuing this acquisition as a Single Feasible Source.
