

Single Feasible Source Purchase

Title: Building Automation System Maintenance Services

Description: Preventative maintenance for the Landis and Staefa System 600 Building Automation System at the Metropolitan St. Louis Psychiatric Center. Siemens Industry, Inc. is the designer and manufacturer of the Apogee Building Automation System and the Insight operating software that is currently installed at the Metropolitan St. Louis Psychiatric Center. Therefore, Siemens Industry, Inc. is the only source that can perform preventative maintenance on those systems.

Contract Period: Effective Date of Contract through One Year
