

Single Feasible Source Purchase

Title: Unlimited License Agreement for Bundled Oracle Midrange Database and Cloud Services Licenses and Maintenance

Description: The Division of Purchasing and Materials Management plans to amend existing statewide contract C215018001 to accept an Unlimited License Agreement (ULA) for the Missouri Department of Transportation which will include a bundled package with Oracle Midrange database products, maintenance, and support and Oracle Cloud Services. The bundled package and pricing available from Oracle America is not available from resellers. As a result, this represents a proprietary requirement that meets the criteria as a single feasible source under RSMo 34.044 and the State is pursuing this acquisition as a Single Feasible Source.

Agency: Missouri Department of Transportation

Supplier: Oracle America

Buyer: Earl Pettit
