Missouri State Statutes (Chapter 34, Chapter 37 and Chapter 67) authorize Purchasing to conduct, and eligible local governments, political subdivisions, and quasi-public governmental bodies to participate in, a cooperative purchasing program with the State of Missouri. The Division of Purchasing allows the eligible entities listed below to place orders against its statewide contracts through the cooperative procurement program.

In July 2018, Purchasing launched a new online Membership Application in order to establish an updated email communications channel with cooperative procurement program members. Eligible entities that are highlighted in yellow below have registered using the new online application and have been approved.

If your entity’s name is not on the list below, or if your entity is listed but not highlighted, we ask that you please register now using the online application so you can become a current cooperative procurement program member. Go to [https://oa.mo.gov/purchasing/cooperative-procurement-program](https://oa.mo.gov/purchasing/cooperative-procurement-program) and click on the ‘Cooperative Procurement Program Online Membership Application’ button. Please select ‘New Application’ when registering for the first time even if you were an existing member. ‘Update Information’ can be used to update contact information once an entity’s new online application is approved.

For any questions regarding the Cooperative Procurement Program, please contact the Division of Purchasing at 573-751-2387 or E-Mail: purchmail@oa.mo.gov.
