**1a. What strategic priority does this program address?**

Success-Ready Students & Workplace Development

**1b. What does this program do?**

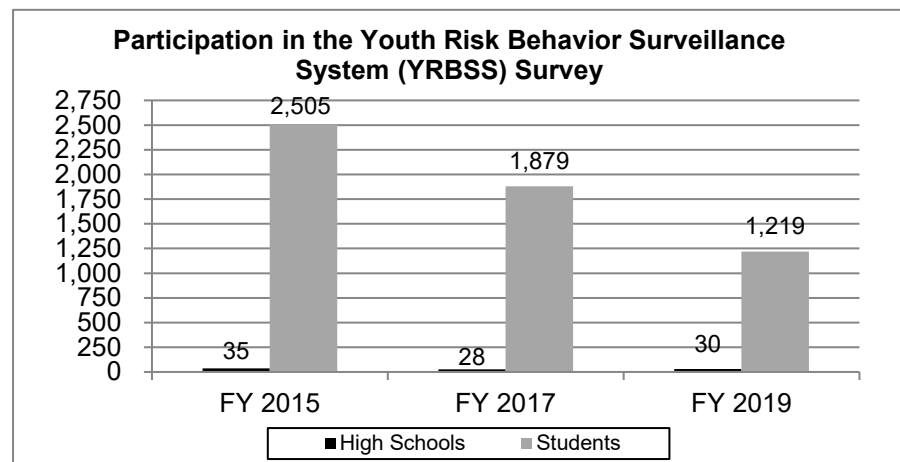

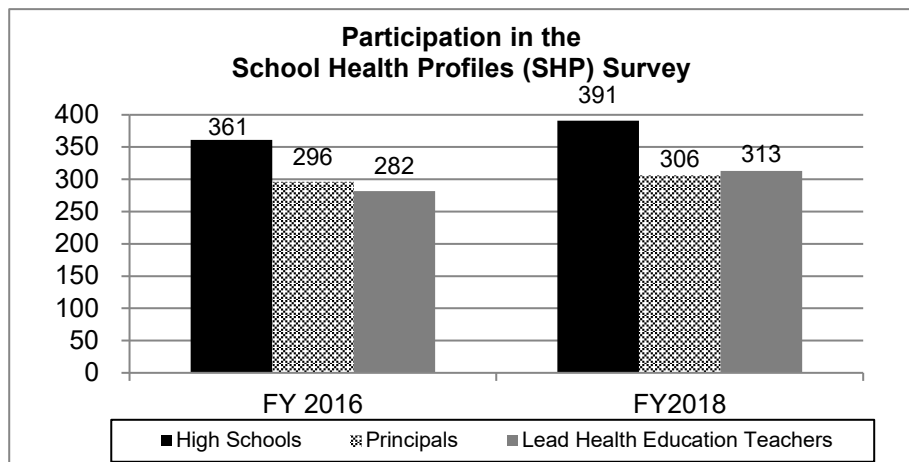

This cooperative agreement supports efforts to conduct school-based surveillance on youth risk behaviors and school health policies and practices. The Youth Risk Behavior Surveillance System (YRBSS) monitors priority health-risk behaviors among youth and young adults. The School Health Profiles (SHP) monitors and assesses education, policies, activities, and family involvement in school health programs.

The cooperative agreement with the Centers for Disease Control and Prevention (CDC) provides for the national school-based survey administration of the YRBSS in odd years and the SHP in even years. State specific reports are produced and disseminated to assist community prevention efforts and coordinated school health programs when weighted data is collected.

Internal and external partners use YRBSS and SHP data to:

- \* Describe school health policies and practices and compare them across jurisdictions
- \* Identify professional development needs
- \* Plan and monitor programs
- \* Support health-related policies and legislation
- \* Seek funding
- \* Garner support for future surveys

**2a. Provide an activity measure(s) for the program.**
