1a. What strategic priority does this program address?

Affordability, Access and Success

1b. What does this program do?

This appropriation request is part of the Missouri Student Loan Program. These requested funds will be needed to purchase defaulted and discharged student loans from lenders and to return or reimburse monies to the federal government as necessary. The fund balance related to this appropriation is the property of the federal government.

As an agent of the United States Department of Education (USDE), the DHEWD Student Loan Program insures private commercial banks against loss from defaulted and discharged student loans. Lenders are insured at 97 to 98 percent of the outstanding principal and interest at time of default for defaulted loans, depending on the loan disbursement date and 100 percent for loans discharged due to death, disability, closed school, and bankruptcy. DHEWD must review each claim filed by a lender to ensure the lender has complied with all federal laws and regulations throughout the life of the loan to that point. If the lender fails to comply with all federal and DHEWD Student Loan Program guidelines, the insurance claim will be denied and the lender loses the federal loan guarantee and must try to collect the loan. In FY 2020, the Student Loan Program reviewed and paid approximately 3,400 claims. The DHEWD Student Loan Program is reinsured by the federal government at 100 percent for all claim types.

After purchasing defaulted loans, DHEWD attempts to recover the defaulted debt through various collection efforts. The proceeds from defaulted student loan collections are deposited into the Federal Student Loan Reserve Fund and the portion due to the Guaranty Agency Operating Fund is subsequently transferred to that fund.

The enactment of the Healthcare and Education Affordability Reconciliation Act of 2010 (Public Law 111-152) makes it difficult for DHEWD to predict future claim volume. As a result of the law, DHEWD no longer has authority to guarantee new federal student loans effective June 30, 2010 as those loans are now disbursed through the Federal Direct Loan Program. DHEWD will continue to purchase existing DHEWD-guaranteed loans held by FFEL Program lenders. However, DHEWD expects purchases of loans from lenders to eventually decline over the next several years with no new loan guarantees.

2a. Provide an activity measure(s) for the program.

DHEWD measures the number of claims paid to lenders in a given year. There is no baseline goal as all claims received if properly filed must be paid from this fund. This count reflects what gets into our default inventory for us to recover.

2b. Provide a measure(s) of the program's quality.

Each month DHEWD staff review a sample of claims to verify claims are paid timely. This measure demonstrates DHEWD's efforts to monitor and verify all our claim types are paid accurately, completely and timely, within required federal regulations.

2c. Provide a measure(s) of the program's impact.

This measure demonstrates DHEWD's impact in helping defaulted borrowers regain eligibility for Title IV financial assistance. Accounts are monitored each month to verify they have maintained eligibility. If a defaulted student loan borrower falls behind in their repayment, DHEWD makes additional efforts to contact the borrower to encourage them to continue making payments to maintain eligibility. DHEWD has established a baseline goal to keep 90% of borrowers approved for reinstatement eligible for aid each month.

2d. Provide a measure(s) of the program's efficiency.

The DHEWD call center measures the time it takes to provide a letter to defaulted student loan borrowers who have requested information about their loans. A letter issued within 2 days of the request is considered a timely response. The percent of timely responses is shown in the chart below. The DHEWD has established a baseline goal for this measure of a 97% timely response rate.
