1b. What does this program do?

The Minority and Underrepresented Environmental Literacy Program was established in 1996 by the Missouri legislature to create opportunities for students to explore areas of environmental science, provide funds for students contingent upon academic status and performance, and create a pool of applicants that reflects the cultural diversity of Missouri. The program provides scholarships to full-time students who pursue a bachelor's or master's degree in an environmental-related field of study at a Missouri college or university and who meet specified academic standards. Priority is given to minority and underrepresented students. This program should encourage applicants to work toward and complete an environmentally-related degree by providing financial assistance to reduce the cost of education.
