*Number of individuals served represents customers receiving a service through the Missouri Job Centers and the self-serve website. The number of individuals seeking services is dependent on the current state of the economy. The unemployment rate and the number of citizens on public assistance directly affects the number of individuals served. The participant count has decreased over the years due to a change in reporting methodology from the Next Generation Job Center model (counting participants 3 years after exiting the system) to the current model which provides a more realistic number. Due to the COVID-19 pandemic, office closures directly affected the number services provided during FY 2021.

Participant data was queried from customer data through MoPerforms.

**Projections are based on the assumption the economy will slowly regain; therefore, projections for FY 2023 thru FY 2025 are estimated to increase by 3%, 4%, and 5% respectively.

**The sub-recipients are monitored on-site annually to ensure the funding is spent appropriately and program services are provided as prescribed by state and federal law, rules, and regulations. Various databases and source documentation are reviewed to determine compliance and to evaluate performance of sub-awards. Beginning in FY 2021, sub-recipient monitoring has been conducted quarterly rather than annually.

***Beginning in FY 2020, financial monitoring will not be conducted by department staff but rather will be completed via contracted monitoring. As a result, the compliance and administration monitoring will increase in projected years.

2c. Provide a measure(s) of the program's impact.

In FY2022, DHEWD implemented a new contract management system that captures data for all contracts such as annual agreements, sub-recipient contracts, memorandums of understanding, and purchase requests.
