1a. What strategic priority does this program address?

The Department of Mental Health (DMH) will focus efforts on modernizing aspects of Missouri's mental health system, enhancing service delivery models and improving total health-physical, mental and emotional well-being of all Missourians.

1b. What does this program do?

The Office of Director, with the advice of the Mental Health Commission, is responsible for the overall operations of the Department of Mental Health, its two clinical divisions and their facilities, one administrative division, support offices, and central office. The director's duties include planning, supervising, and evaluating the provision of mental health services for Missourians with mental disorders, developmental disabilities, and substance use disorders.

The Director's Office has a leadership role in the department's efforts to establish state policies, standards, and outcomes for state programs that affect mental health. The Director's Office is active in the development of policies and standards in MO HealthNet and insurance as these relate to the population served by the department. The Department of Mental Health works with other agencies to define target populations, develop interagency agreements, needed legislation, and interagency funding strategies in collaboration with local entities and consumers.

The Mental Health Commission, composed of seven members, appoints the director of the Department of Mental Health with confirmation by the state Senate. Commissioners are appointed to four-year terms by the Governor, also confirmed by the Senate. The commissioners serve as principal policy advisers to the department director.

The Commission, by law, must include an advocate of community mental health services, a physician who is an expert in the treatment of mental illness, a physician concerned with developmental disabilities, a member with business expertise, an advocate of substance use disorder treatment, a citizen who represents the interests of consumers of psychiatric services, and a citizen who represents the interests of consumers of developmental disabilities services.
