

Single Feasible Source Purchase

Title: DOC Legacy Systems Maintenance/Support for Intervention Fees Integrations System, Kiosk Software, Offender Finance; and Point of Sale Software.

Description: The Missouri Department of Corrections (DOC) acquired a DOC Legacy System consisting of Intervention Fees Integrations System, Kiosk Software, Offender Finance; and Point of Sale Software from Huber and Associates in 2008. DOC requires ongoing software maintenance/support specific to the system. It is not financially feasible to replace the existing system in lieu of maintaining the existing customized system. The software is proprietary to Huber and Associates, thus Huber and Associates is the only source for ongoing maintenance and support. As a result, this represents a proprietary requirement that meets the criteria of a single feasible source under RSMo 34.044 and the State is pursuing this acquisition as a Single Feasible Source.

Contract

Period: June 4, 2017 through June 3, 2018

Renewal
