

PROGRAM DESCRIPTION

Department of Public Safety / Fire Safety

HB Section(s): 08.160

Program Name: Boiler and Pressure Vessel Safety Program

Program is found in the following core budget(s): Fire Safety Core

1a. What strategic priority does this program address?

Public safety from boiler and pressure vessel related accidents.

1b. What does this program do?

The Boiler and Pressure and Vessel Safety Inspection Program strives to ensure the safety of the general public while in office buildings, churches, schools, day care centers, and commercial businesses by providing oversight of the inspection of boilers and pressure vessels. In addition to seven state inspectors, the Division of Fire Safety commissions 46 insurance company inspectors who provide routine inspections for their insured in Missouri. Additionally, state inspectors perform initial inspections on all newly installed objects. Also, the Chief Inspector conducts joint reviews on welding repair companies of boilers and pressure vessels to ensure compliance of jurisdictional requirements.

Functions of this program are overseen by the Governor-appointed Boiler and Pressure Vessel Safety Board. Fees collected for operating certificates are deposited in the Boiler and Pressure Vessel Safety Fund (0744).

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

State-employed and state-commissioned inspectors must meet state and national standards and have a minimum combined education and experience of five years in the boiler and pressure vessel industry. The Division-employed inspectors each have more than 20 years in the industry. Annual continuing education courses are required of all inspectors in order to maintain the National Board Commission. Inspections are based on the National Board Inspection Code, ASME, along with state rules.

PROGRAM DESCRIPTION

Department of Public Safety / Fire Safety

HB Section(s): 08.160

Program Name: **Boiler and Pressure Vessel Safety Program**

Program is found in the following core budget(s): **Fire Safety Core**

2c. Provide a measure(s) of the program's impact.

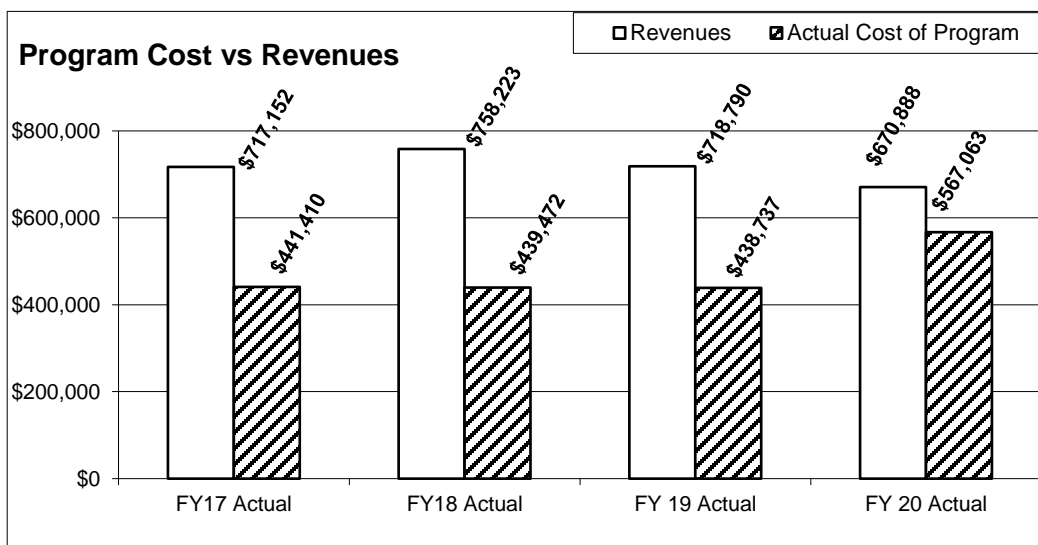

Division inspectors cited 1,561 safety violations on objects in public buildings in FY20, most of which occurred and were corrected upon installation.

2d. Provide a measure(s) of the program's efficiency.

Inspection and certificate fees allow the Boiler and Pressure Vessel Safety program to be self-supporting. Fees are set by rule, kept at a minimum and are below average of neighboring states:

State	PV Certificate	Steam Inspection	Water Inspection
Nebraska	\$60	\$25	\$45
Iowa	\$40	\$55	\$95
Illinois	\$70	\$25	\$60
Kansas	\$30	\$55	\$115
Tennessee	\$47	\$25	\$40
Missouri	\$20	\$16	35-60
