

PROGRAM DESCRIPTION

Department of Public Safety / Fire Safety

HB Section(s): 8.165

Program Name: Elevator Safety Program

Program is found in the following core budget(s): Fire Safety Core

1a. What strategic priority does this program address?

Public safety on elevator-related equipment.

1b. What does this program do?

The Elevator Safety Program is responsible for enforcing nationally recognized safety standards for the maintenance, inspection, testing, and operation of all elevator equipment. New elevator equipment installations, as well as modifications/alterations to existing equipment, are required to comply with a plan review process based upon the adopted code/standard in Missouri and issue a permit before such work begins. This program also has regulatory authority over the issuance of state licenses to qualified elevator inspectors, mechanics and contractors within the State. The program is charged with enforcing safety rules and regulations, collecting prescribed fees, registering and permitting elevator equipment as well as reviewing requests for variances.

Functions of this program are overseen by the Governor-appointed Elevator Safety Board. Fees collected are deposited into the Elevator Safety Fund (0257).

2a. Provide an activity measure(s) for the program. FY20 & 21 Decline in inspections due to limited access to facilities as a result of COVID-19.

2b. Provide a measure(s) of the program's quality.

Division Inspectors are responsible for all plan reviews of new installations and conduct acceptance inspections on new equipment prior to permitting. Division of Fire Safety Elevator Safety Inspectors are QEI (Qualified Elevator Inspectors) as certified by the American Society of Mechanical Engineers (ASME).

Division staff also review work performance of and conduct required annual training for 92 state-licensed elevator inspectors, as well as license and regulate 743 elevator mechanics and 62 elevator contractors who must re-license every 2 years. ASME codes and standards are adhered to stringently in the inspection of all elevator-related equipment in order to ensure the safety of the public.

Program Name: Elevator Safety Program

Program is found in the following core budget(s): Fire Safety Core

2c. Provide a measure(s) of the program's impact.

The Elevator Safety program issues operating permits to nearly 25,000 elevators and related objects, but more importantly, the program helps to ensure the safety of our citizens and visitors when using elevators and related equipment in our State.

The Division of Fire Safety's program cited safety violations on 14,626 (66%) objects inspected in FY22 which were corrected to ensure the safety of the public.

2d. Provide a measure(s) of the program's efficiency.

Four Division of Fire Safety inspectors and 92 approved third-party inspectors conducted inspections on 22,063 elevators and related equipment in our State in FY22.

594 Inspector Audits were conducted by Division staff to ensure all licensed inspectors are performing thorough and adequate inspections per state law and regulations.

Inspection and certificate fees allow the Elevator Safety program to be self- supporting . Fees are set by rule, kept at a minimum and are below average of neighboring states. Certificate fees in Iowa are \$50; Arkansas fees are \$55; whereas Missouri certificate fees are \$25.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. *(Note: Amounts do not include fringe benefit costs.) Turnover and vacancies result in reduced expenditures for FY20 and FY21.*

Program Name: Elevator Safety Program

Program is found in the following core budget(s): Fire Safety Core

4. What are the sources of the "Other " funds?

Elevator Safety Fund (0257)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMo Chapter 701. 350-380

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No
