HB Section(s): 08.160

Program Name: Fire Inspection

Program is found in the following core budget(s): Fire Safety Core

### 1a. What strategic priority does this program address?

Public safety of the most vulnerable Missouri citizens.

### 1b. What does this program do?

The Fire Safety Inspection Unit conducts fire safety inspections for facilities and locations which are licensed or certified by several state agencies. Agencies served include the Department of Health and Senior Services, Department of Mental Health, Department of Social Services, Senior Citizens Nutrition Centers, and the Veteran's Administration. The Inspection Unit is comprised of a Deputy Chief Inspector, two Regional Chief Inspectors, and 17 Fire Safety Inspectors supported by one administrative support assistant.

Inspections conducted by this Unit are based on a variety of state statutes, promulgated rules, and nationally recognized codes and standards. These requirements are designed to reduce and/or eliminate fire safety hazards for more than 140,300 occupants of long term care, child care, mental health, youth-at-risk, and foster care homes and facilities located throughout the state. Fire safety inspections improve fire prevention measures and provide for a safer environment for all occupants.

### 2a. Provide an activity measure(s) for the program.

**NOTE - FY20 decline in inspections due to COVID-19 restrictions in State-licensed facilities. CDC guidelines have restricted inspection access for long-term care facilities.**

### 2b. Provide a measure(s) of the program's quality.

In FY20, the Fire Safety Inspection Program conducted 10,447 inspection activities with a re-inspection rate of 35% to ensure safety violations are corrected and ultimate compliance with rules, codes and standards. This improves the quality and safety of occupants and residents.

The Fire Safety Inspection Program utilizes nationally recognized codes such as National Fire Protection Association (NFPA) and the International Building and Fire Code to assist with interpretation of various rules and regulations. Division of Fire Safety Inspectors are certified to NFPA 1031, and have additional training in fire protection systems, codes, regulations, and standards.
