

PROGRAM DESCRIPTION

Department of Public Safety / Fire Safety

HB Section(s): 08.165

Program Name: Fire Safe Cigarette Program

Program is found in the following core budget(s): Fire Safe Cigarette Core

1a. What strategic priority does this program address?

Reduce smoking-related fires

1b. What does this program do?

In order to reduce deaths and injuries from cigarette related fires, as well as to decrease property loss from fires due to unattended or discarded cigarettes, the Fire Safe Cigarette Act was created and passed in 2010. This Act requires the Division of Fire Safety to regulate the sale of reduced ignition propensity cigarettes. Similar programs have been implemented within all 50 states, and proven to reduce the number of cigarette-related fires.

Responsibilities of the program include the certification process for cigarette brand families and individual cigarette styles, including recertification every three years; recertification if the cigarette has been altered in any way; notification of certifications to the Attorney General and the Department of Revenue; a monitored testing process; approval of cigarette markings; and management of the Cigarette Fire Safety and Fire Fighter Protection Act Fund to be used for the delivery of fire prevention and safety programs. The Division has registered or renewed 4,986 Brand Styles as reduced-propensity cigarettes.

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

The Fire Safe Cigarette program is based on model legislation passed in 49 other states, developed by the US Fire Administration in partnership with the National Association of State Fire Marshals.

HB Section(s): 08.165

Program Name: Fire Safe Cigarette Program

Program is found in the following core budget(s): Fire Safe Cigarette Core

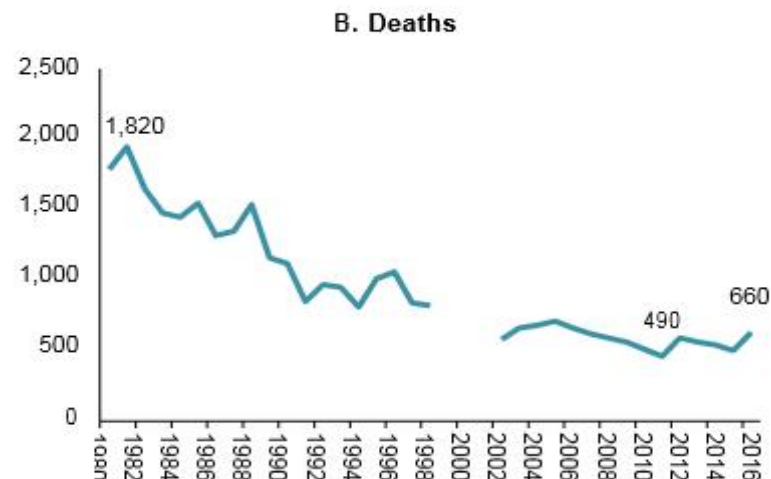

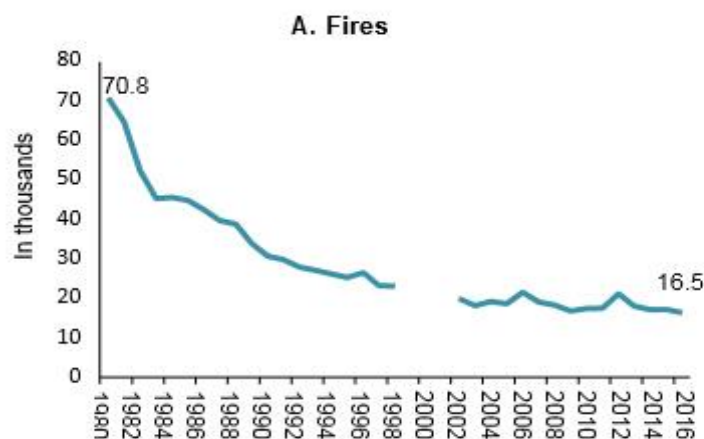

2c. Provide a measure(s) of the program's impact.

The Fire Safe Cigarette program has now been implemented in all 50 States in order to regulate the sale of reduced propensity cigarettes with similar statistics and revenues. According to the Centers for Disease Control and Prevention (CDC), only 15.5% of the adult population were current smokers in 2016, compared to 33.2% in 1980. Despite today's comparatively small percentage of smokers, smoking remained the leading cause of home fire deaths over the total five-year period of 2012-2016 according to the National Fire Protection Agency, Home Fires Started by Smoking report 1/2019.

The national report also states, during 2012-2016, an estimated annual average of 18,100 (5%) reported home structure fires started by smoking materials killed an average of 590 (23%) people annually, injured 1,130 (10%) per year, and caused \$476 million in direct property damage (7%) per year. While Missouri-specific data is still being compiled, the program has been proven to reduce fire deaths nation-wide as similar programs were implemented.

In addition to serving the tobacco companies, the program serves the public. In FY20, the Division Fire Inspectors conducted numerous fire prevention and safety programs utilizing the appropriation from the Cigarette Fire Safety and Fire Fighter Protection Act fund. These programs are aimed at reducing fire deaths and injuries.

Reported home smoking material fires and deaths, by year

PROGRAM DESCRIPTION

Department of Public Safety / Fire Safety

HB Section(s): 08.165

Program Name: Fire Safe Cigarette Program

Program is found in the following core budget(s): Fire Safe Cigarette Core

2d. Provide a measure(s) of the program's efficiency.

No FTEs were appropriated to administer this program, therefore existing staff perform these functions.

100% of the cigarettes sold in Missouri are certified with the Division of Fire Safety as fire standard compliant.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other" funds?

Cigarette Fire Safety and Fire Fighter Protection Act Fund (0937)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

RSMo Chapter 320.350

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No
