### **1a. What strategic priority does this program address?**

Safety, permanency, and well-being for children impacted by foster care.

### **1b. What does this program do?**

#### Family Resource Center

The Children's Division contracts with Family Resource Centers to find foster and adoptive families by recruiting and providing support services to meet the needs of foster, adoptive, and guardianship children and families. Family Resource Centers are managed by three non-profit agencies and reach all areas of the state.

Services that may be provided include the following:

- Support groups for youth and foster, adoptive and guardianship families
- Educational services, including training on accessing special education services
- Crisis intervention
- Respite care
- Medical/Behavioral service referrals
- Financial or Material Supports
- Social and Community Activities
- Information Dissemination

#### Behavioral Interventionist Program and Behavioral Savings

The BI program is designed to deliver services in the home and avoid residential placement for children age 6 and over with significant behavioral issues and/or mental health conditions that cannot be addressed through traditional mental health or behavioral health services. Services are provided by the Behavioral Interventionist, but heavily supported by the parent(s) and licensed therapist if services are currently received by the client. At this time, the contract is in the initial phases of the awarding process.

#### Community Connection Youth Project (CCYP)

The Community Connections Youth Project (CCYP) directly focuses on increasing the quality of life experienced by young adults impacted by the foster care system. The goal of connecting participating youth to community-based resource providers is to maximize the impact of the health and wellbeing of former foster youth, producing a more effective continuum of care for this population.

CCYP's program model incorporates aspects of the Extreme Recruitment program into a model of voluntary peer case management for youth currently exiting or recently having exited from the foster care system. This model of case management emphasizes the inherent strengths of the youth and builds upon existing (or recruited) resources to produce an increase in the quality of long term outcomes for former foster youth, who have historically had tragic long term outcomes. Because it is used for youth still in foster care and youth who have already aged out of foster care, this is a unique approach to helping these older youth, not currently funded by any other state program.

### Extreme Recruitment

Extreme Recruitment (ER) is a 12-20 week intensive intervention to identify relatives and kin for youth awaiting permanency in foster care. The ER staff includes family finders, as well as a private investigator, that mines the records of waiting children and identifies and then locates relatives and kin to be explored for potential placement.
