1a. What strategic priority does this program address?

Transfers between funds

1b. What does this program do?

This authority provides multiple non-counted transfers between funds. Federal regulation requires states to establish that they have sufficient state dollars available in order to draw down the federal matching dollars. These transfers are used for that purpose.

Reimbursement Allowance Transfers

Federal Medicaid regulation requires states to establish they have sufficient state dollars available in order to receive federal Medicaid matching funds. The following transfers are used as accounting mechanisms to meet this requirement:

- Pharmacy
- Ambulance Service Reimbursement Allowance Transfer
- Federal Reimbursement Allowance Transfer
- Nursing Facility Reimbursement Allowance Transfer

NOTE: The provider assessment programs listed above have been reauthorized by the General Assembly through September 30, 2020.

Intergovernmental Transfer

State and local governmental units (including public providers) are authorized to transfer to the state Medicaid agency the non-federal share of Medicaid payments. The amounts transferred are used as the state match to earn federal Medicaid matching funds. These transfers are called intergovernmental transfers (IGTs) and maximize eligible state resources for federal Medicaid funds, utilizing current state and local funding sources as match for services.

Nursing Facility Quality of Care Fund Transfer

In accordance with section 198.418.1, RSMo, funding up to 5% of the federal funds deposited to the Nursing Facility Reimbursement Allowance fund each year (not to exceed \$1,500,000) is transferred from the Nursing Facility Federal Reimbursement Allowance Fund to the Nursing Facility Quality of Care Fund to be used by the Department of Health and Senior Services (upon appropriation) for conducting inspections and surveys and providing training and technical assistance to facilities licensed under the provisions of Chapter 198.

FMAP Enhancement Fund Transfer and CHIP Increased Enhancement Fund Transfer

There is one-time transfer authority to move remaining cash balances in the FMAP Enhancement Fund (0181) and the CHIP Increased Enhancement Fund (0492) to the Budget Stabilization Fund and the Federal Earnings Fund.

This program is exempt from performance measures as it is an accounting mechanism.
