1a. What strategic priority does this program address?

Attract and maintain quality physicians

1b. What does this program do?

This program provides enhanced physician reimbursement payments for services provided to MO HealthNet participants by certain hospitals designated as safety net hospitals. Services provided by physicians, dentists, podiatrists, nurse practitioners, physician assistants, nurse midwives, optometrists, audiologists, psychologists, and certified registered nurse anesthetists/anesthesiologist assistants not employed by the state who are actively engaged in the training of physicians when the training takes place in a safety net hospital are also eligible for enhanced physician payments. There are three entities that currently qualify for the additional physician payments-1) University Health Truman Medical Center, 2) University of Missouri Kansas City and 3) University Health Lakewood Medical Center. This program was established in July 2001 to provide a mechanism to fund enhanced payments to these safety net hospitals who traditionally see a high volume of Medicaid and uninsured patients.

Reimbursement Methodology

Enhanced physician payments are made in addition to the amount established under the MO HealthNet fee schedule. The additional payment is equal to the lower of the difference between the MO HealthNet allowable reimbursement for the service and 1) the Medicare allowable reimbursement or 2) the provider's actual charge for the service. In addition to the reimbursement methodology above, University Health Truman Medical Center and University Health Lakewood Medical Center receive an enhanced payment equal to the difference between the Medicaid allowable reimbursement for the service and the Medicare equivalent of the average commercial rate of the top three commercial payers for the service.

Additional Details

To qualify as a safety net hospital, entities must meet the following requirements as specified in 13 CSR 70-15.015(1)(B):

- Meet obstetrician requirements; and
- Have a Medicaid inpatient utilization rate (MIUR) at least one standard deviation above the state's mean MIUR or a low-income utilization rate (LIUR) greater than 25%; and
- Have an unsponsored care ratio of at least 65% and licensed for less than 50 inpatient beds; or
- Have an unsponsored care ratio of at least 65% and licensed for 50 inpatient beds or more, and have an occupancy rate greater than 40%; or
- Be a public non-state governmental acute care hospital with a LIUR of at least 40% and a MIUR greater than one standard deviation from the mean, and is licensed for 50 inpatient beds or more and has an occupancy rate of at least 40%; or
- Be owned or operated by the University of Missouri Board of Curators; or
- Be a public hospital operated by the Department of Mental Health.

This program is exempt from performance measures as it is payments to safety net hospitals.
