

PROGRAM DESCRIPTION

Department: Social Services

HB Section(s): 11.810

Program Name: School District Medicaid Claiming

Program is found in the following core budget(s): School District Medicaid Claiming

1a. What strategic priority does this program address?

Reimbursement to school districts for Medicaid related health services

1b. What does this program do?

This program allows school districts to obtain Medicaid funding for School District Administrative Claiming (SDAC) administrative activities that support direct services and for direct services that are offered to children in the school district. Administrative activities include outreach to Medicaid and the Early and Periodic Screening Diagnostic and Treatment (EPSDT) program benefit, also known as Healthy Children and Youth (HCY) program; referrals made for health services; and coordinating health services for students. Direct services are limited to physical, occupational, and speech therapy services; audiology; personal care; private duty nursing; and behavioral health services that are identified in an Individualized Education Plan (IEP) for school age children. Schools may submit claims and participate in cost settlement and reconciliation for IEP direct services.

Public and charter schools recognized by the Department of Elementary and Secondary Education (DESE) are eligible to participate in SDAC and the direct services cost settlement program. A cooperative agreement must be in place between the MO HealthNet Division and the school district in order to participate in SDAC and the direct services cost settlement program. The school district must be a MO HealthNet enrolled provider in order to participate in the direct services cost settlement program.

Program is found in the following core budget(s): School District Medicaid Claiming

2b. Provide a measure(s) of the program's quality.

According to the Missouri School Board Association, the MO HealthNet Division (MHD), in strong partnership with Missouri schools, works cooperatively to ensure health care needs are met so that children can learn. School District Administrative Claiming (SDAC), Non-Emergency Medical Transportation (NEMT) and designated medical services received by students with disabilities (Direct Services) are three programs under MHD that partially reimburse school districts for providing medical services to otherwise qualified children, without impacting the state's general revenue. According to the Missouri School Board Association, access to quality medical services and revenue to support those services is vital to children and to the schools that serve them as it allows children with health care needs to attend school and to achieve at a level commensurate with their peers, without adversely impacting the overall quality of education in the district.

Program is found in the following core budget(s): School District Medicaid Claiming

2d. Provide a measure(s) of the program's efficiency.

School districts are responsible for the state match and the MO HealthNet Division will draw down the federal match. Administrative activities provided through the SDAC program allow the school to assist with eligibility outreach, coordination, and referrals for improved health care for students. Direct services allow the student to receive necessary medical services to be successful in the school setting. Some services below can be provided in person or by telehealth.

HB Section(s): 11.810

Program Name: School District Medicaid Claiming

Program is found in the following core budget(s): School District Medicaid Claiming

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Federal regulation: 42 CFR 441.50 and 441.55-441.60.

6. Are there federal matching requirements? If yes, please explain.

Medicaid allowable services provided by school districts receive a federal medical assistance percentage (FMAP) on expenditures. Administrative expenditures earn a 50% federal match and the state matching requirement is 50%. Direct services earn Missouri's FMAP. The FMAP fluctuates annually based on state and national economic and population data, but generally the state matching requirement is around 35% and the federal match is around 65%.

7. Is this a federally mandated program? If yes, please explain.

No.
