

PROGRAM DESCRIPTION

Department: Agriculture

HB Section(s): 6.090

Program Name: Grain Regulatory Services

Program is found in the following core budget(s): Grain Regulatory Services

1a. What strategic priority does this program address?

Empower Missouri Farmers Through A Strong Grain Industry.

1b. What does this program do?

- The Grain Regulatory Services (GRS) Program licenses and regulates grain warehouses and dealers, ensuring licensees meet minimum financial standards and post security in case of an insolvency. Missouri produced over 747 million bushels of grain valued at more than \$4.13 billion in 2019, making grain production one of the state's top industries.
- The program audits grain warehouses and dealers and investigates unlicensed grain entities to confirm that they are in compliance with Missouri statutes. The program provides protection for Missouri farmers and ensures a strong and stable Missouri grain industry.
- The program conducts commodity checkoff audits to verify that assessments collected from farmers are paid correctly. Missouri farmers provide commodity checkoff assessments in excess of \$20 million to nine individual commodity councils for the promotion and development of their products.
- The program administers the Missouri Agricultural Mediation Program (MAMP) which provides dispute resolution services to Missouri farmers. The MAMP is funded by a grant provided through the Farm Service Agency of USDA.

2a. Provide an activity measure(s) for the program.
