**2b. Provide a measure(s) of the program's quality.**

Data is collected through a biennial telephone survey conducted by a consultant from interviews of approximately 3,500 randomly selected adult Missourians. "How satisfied are you with the job the Missouri Department of Transportation is doing?" was the question surveyed. The benchmark data is from the American Customer Satisfaction Index, a national cross-industry measure of customer satisfaction in the United States. The 2021 projection is equal to the 2019 benchmark score of 86 percent. The 2023 projection was established by projecting a three percent improvement from the benchmark. No survey was conducted in calendar years 2014, 2016, 2018, and 2020.

**2c. Provide a measure(s) of the program's impact.**

The operating expenses consist of the administration expenses of multimodal operations. The 2021 and 2022 projections were set by averaging the last three fiscal years.
