1a. What strategic priority does this program address?

Safety - moving Missourians safely

Service - providing outstanding customer service, delivering efficient and innovative transportation projects and operating a reliable transportation system

Stability - managing our assets, stabilizing resources and engaging our workforce and building a prosperous economy for all Missourians

1b. What does this program do?

This program provides operating assistance to public port authorities to fund expenses such as salaries, utilities, outreach to prospective businesses, engineering for capital improvements and other general expenses. Ports are the on/off ramps for commerce on the Missouri and Mississippi rivers. Each loaded barge can carry 1,500 tons of bulk products such as fertilizer, grain, aggregate, steel and timber on the rivers in lieu of 58 or more semi trucks on congested roadways. Investments made at the ports create new jobs at the port itself as well as help businesses up to 150 miles away distribute their product to market in a cost-effective manner.

2a. Provide an activity measure(s) for the program.

This measure includes Missouri ports as well as one three-state port commission. The 2024 and 2025 projections are based on the ports currently eligible for administrative funding in fiscal year 2023. Ports must be actively pursuing movement of waterborne freight or passengers in order to receive funding.

2b. Provide a measure(s) of the program's quality.

The ports receive funding by submitting their expenses to MoDOT for reimbursement. The main reason for reimbursements not being processed within 30 days is the delay in receiving additional documentation from the ports. The 2023 and 2024 projections were set at 100 percent due to recent processing enhancements.

2c. Provide a measure(s) of the program's impact.

The fiscal year 2023 and 2024 projections are based on average growth from 2020 to 2022.
