1b. What does this program do?

MDC strives to be a leader in conservation by attracting, developing and retaining a high-performing talented workforce that can provide Missourians with conservation resources. To be a leader in conservation, MDC believes employee recruitment and development is crucial to achieving its goals. Employee recruitment and development includes Recruitment and Retention; Rewards and Recognition; Compensation and Benefits; Performance Management; and Employee Development. MDC coordinates activities to maintain a sustainable Total Rewards program, which continues to attract and retain a high-performing talented workforce. Total Rewards includes all compensation including salaries, health insurance, retirement, and other benefits.

Recruitment and Retention (includes Tuition Reimbursement, Internship Program, and Workforce Diversity)

Provides a challenging work environment that encourages employees to seek opportunities to further their career through various avenues. Programs include advanced education through tuition reimbursement and paid internships to college students to prepare them for potential full-time employment. These programs also encourage and foster a culture that values diversity while attaining compliance with Federal and State Laws, and Executive Orders regarding equal opportunity and diversity.

Rewards and Recognition

The Department identifies and recognizes salaried employees for their dedicated years of service and outstanding contributions. Recognition and awards are based on years of service, special achievements, exemplary performance and/or other significant contributions. These programs are important for employee retention, increasing employee motivation and morale, and building a positive and collaborative workplace.

Compensation and Benefits

Funds from the Commission's contribution to the employee health insurance program. The Commission pays 68% of employee health insurance premiums and up to 35% of retiree health insurance premiums. The program is designed to enhance the health and welfare of the Department's employees, retirees, and their dependents while maintaining the viability of the Plan. The Department provides employees with opportunities for improved physical and mental well-being through utilization of wellness incentives and programs including health screens and the employee assistance program (EAP).

Performance Management

The Department's Strategic Plan, Design for the Future, outlines a 21st Century Conservation Model for Success to ensure the Department continues to be a leader in conservation. An important part of the plan is that Missouri is a recognized leader in conservation supported by a diverse and skilled workforce. As part of its goals, MDC developed a Performance Management Team which successfully implemented the following objectives: redesigned the Performance Appraisal process, implemented a Commission-approved salary plan to include market adjustment, years of service, and performance pay, revamped the Individual Development Plan (IDP), and reviewed non-monetary rewards.

The Board maintains a continued focus on the importance of member responsibility, consumerism, and wellness initiatives. As a result of these efforts, the Plan's performance from 2015 through 2020 has allowed for little or no increase to be applied. Premium changes include: 0% in 2015, 2% in 2016, 0% in 2017, 2018, and 2019. In 2020, the performance of the Plan prompted an unprecedented 3% premium decrease. The majority of the Plan's premium changes have remained well below national averages ranging from 5.4% to 6.2% as reported by Price Waterhouse Cooper.
