

Single Feasible Source Purchase

Title: Schneider Electric Intelligent Automation/Network 8000 (HVAC Parts, Labor and Upgrades)

Description: The Office of Administration, Division of Facilities Management, Design and Construction (FMDC) desires to establish a contract for the ongoing maintenance of existing Schneider Electric Intelligent Automation/Network 8000 control systems at various facilities located mostly outside the Jefferson City, Missouri area under FMDC. A single feasible source with C&C Group is requested since C&C Group is the only authorized service provider for this equipment.

Contract Period: August 1, 2016 through July 31, 2017

Renewal Option: Two (2) one-year renewal options

Agency: Office of Administration, Division of Facilities Management, Design and Construction (FMDC)

Supplier: C&C Group

Buyer: Kristina Cramer
