GENERAL INFORMATION

SAM 2 User Note: The state agency user will note that not all line item numbers on this notice and on SAM 2 are consecutively numbered. This is because the numbering herein follows the numbering from the RFP, which will also be the numbering the contractor will use for invoicing. For reasons of consistency between the bid document and the contract, the line items herein follow the bid even though they are not consecutive. SAM 2 line item numbering should match numbering on this statewide notice.

Vehicle specifications and prices, including options, are included herein.

ORDERING

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre approval form and submit to Cindy Dixon, State Fleet Manager. The pre-approval form can be found at the following website address: <http://www.oa.mo.gov/gs/fm/vehiclepreapproved.htm>

Once the state agency receives approval from the State Fleet Manager, the agency shall issue its own PGQ (Quick Price Agreement) order. The contractor must not ship until they are in receipt of a hard copy PGQ order.

The commodity service code to use for line items 001, 002 and 003, alternative fuel compact, mid-size and full-size sedan, in SAM 2 will be 07007.

Order Documentation Requirement:

Upon request by the state agency, the contractor must provide a copy of the order form submitted to the manufacturer when ordering each vehicle at no cost to the State of Missouri.

Delivery:

Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, holidays excepted.

The contractor must understand and plan accordingly that upon delivery the state agency representative must verify the vehicle delivered has all required equipment and options and that nothing was damaged during the delivery of the vehicle. Each vehicle shall be delivered with the proper form to apply for Missouri title and license including the Manufacturer's Statement of Origin, invoice and the owner's manual.

The contractor shall comply with the manufacturer's recommended pre-delivery service.

In the event the contractor fails to deliver the vehicle by the stated ARO time, the State of Missouri reserves the right to find the same or similar vehicle from another source, and to charge the contractor the difference for the substitution. In assessing the applicability of this provision, the State of Missouri will consider the degree of contractor responsibility in the delay.

Substitutions:

The contractor shall not substitute any item(s) that has been awarded to the contractor without the prior written approval of the Division of Purchasing and Materials Management.

In the event an item becomes unavailable, the contractor shall be responsible for providing a suitable substitute item. The contractor's failure to provide an acceptable substitute may result in cancellation or termination of the contract.

Any item substitution must be a replacement of the contracted item with a product of equal or better capabilities and quality, and with equal or lower pricing. The contractor shall understand that the state reserves the right to allow the substitution of any new or different product/system offered by the contractor. The Division of Purchasing and Materials Management shall be the final authority as to acceptability of any proposed substitution.
